

SAFETY GLASSES

MODEL 100

FRAME INFORMATION

The Safety Glasses 100 have an aviator frame made of high-quality metal. The 100 model is lightweight, highly durable, and impact resistant. Plus, it features adjustable silicone nose pads and removable side shields. These Safety Glasses are available in black. They also meet rigorous industry standards, with ANSI Z87+ and EN 166, offering high impact certification for optimal protection.

Moreover, the Safety Glasses 100 offer three lens choices. The first is a frame-only option. The second is clear safety lenses with anti-fog properties, ensuring impact resistance and fog prevention. The third option includes anti-fog and Transition gray lenses, ideal for indoor and outdoor use, transitioning from clear when indoors to gray in sunlight.
