PRODUCTS INC.

Phillips Safety is the industry leader in occupational safety eyewear. In business for over 100 years, you are being served with the dedication and craftsmanship of a family owned company.

Phillips Safety has been producing occupational safety glasses since 1905 and continues to develop and produce the highest quality glasses and lenses today. A leading manufacturer of specialty safety eyewear in the United States, Phillips Safety adheres to strict ANSI Z87-2+ and EN 207 CE standard certifications, holding itself to a highest standard and prides itself on producing glasses with the finest quality materials available.

All safety glasses produced and sold by Phillips Safety meet strict industry standards for military, medical, research laboratories, and a variety of other industries.

With Phillips Safety's dedicated team, you can rest assured knowing that all your prescription safety needs are met.

CATEGORY INFORMATION

GLASS BLOWING GLASSES

Glass blowing glasses are a crucial piece of safety equipment for anyone working with hot glass. These specialized glasses provide protection against the intense heat and light produced during glass blowing, as well as potential flying debris or shards. By wearing appropriate glass blowing glasses, glass blowers can protect their eyes and ensure a safe and successful glass blowing experience.

Phillips Safety offers over thirty different frame options of glass blowing glasses with our Light Green lens filter. Their lenses are made of a high-quality polycarbonate material, which offers maximum UV and IR radiation protection. They also provide a level of color recognition and clarity, and allow for mirror coating add-on.

CATEGORY INFORMATION
GLASS BLOWING GLASSES

Our Light Green glass blowing glasses are highly recommended for individuals who work with off-hand glassblowing, glory hole, or furnace work. Its filter provides a visible light transmission of 23%, making it suitable for use in a variety of applications, including furnace work, small glass work, and large glass work.

With over thirty options available, Phillips Safety's glass blowing glasses come in several different shapes, colors, and features. Order your Light Green glass blowing glasses to meet your exact specifications and style.
