**PRODUCT INFORMATION**  
CAP LIGHTWEIGHT LEAD THYROID SHIELD

The CAP Lightweight Lead Thyroid Shield is a comfortable, effective collar designed to reduce radiation exposure. This lead thyroid shield provides extensive coverage and effective protection with its 0.50mm Pb lead equivalency, ensuring safety for both patients and medical professionals. Its large covered area enhances shielding during medical procedures, offering peace of mind in radiation-prone environments.

Featuring an adjustable Velcro closure, the CAP thyroid collar is designed to fit all sizes comfortably, accommodating diverse individuals with ease. Additionally, available in a selection of five colors, the CAP Lightweight Lead Thyroid Shield not only meets rigorous safety standards but also allows for personalization and integration into various healthcare settings.
