PRODUCT INFORMATION

JACKET ONE-PIECE LEAD APRON ECONOMY LEAD FREE

The Lead Free Jacket One-Piece Economy Lead Apron is a great comfortable lead apron used to reduce radiation exposure effectively. The Jacket One-Piece Wrap Around lead apron covers the front and back of the body, from the shoulders to the thighs, offering great anterior and posterior torso protection. This lead apron features a Velcro closure on the inside, thus providing adjustability and security. The Jacket One-Piece lead apron also features a patch pocket on the front and, to ensure maximum comfort, it has shoulder pads and a supportive back relief belt. This belt is a wrap around back support belt that is locked in the front with a buckle and transfers weight from the shoulders to the waist, offering back relief.

Suitable for both men and women, the Jacket One-Piece Lead Apron comes in five sizes: S, M, L, XL, and XXL. It is made with a non-lead core material and offers 0.50mm Pb lead equivalency protection. This lightweight, non-hazardous, and 100% recyclable apron is easy to dispose of. The core material meets ASTM F3094-14 testing standards, ensuring reliability and safety. Plus, it is available in four outer materials: Nylon, Ripstop, Polytron, or PVC EasyClean. In addition, it is available in a variety of colors, all with black binding.

RIPSTOP

Ripstop is a woven fabric that utilizes a reinforcing technique to enhance its resistance to tearing and ripping.

Commonly made from nylon, this lightweight material features interwoven reinforcement threads arranged in a crosshatch pattern, giving it a distinctive diamond-like appearance.
