

# RADIATION GLASSES

## Oakley Activate

### FRAME INFORMATION

The radiation glasses Oakley Activate feature high-quality, distortion-free SF-6 Schott glass radiation-reducing lenses with 0.75mm Pb lead equivalency protection. These Oakley lead glasses have clear CE Certified Lens and weigh 82g for the smaller size and 87g for the larger size. Plus, the Oakley Activate radiation glasses are prescription available. Made of high-quality plastic, they have a durable and lightweight square frame. These lead glasses feature rubberized nose pads and no-slip adjustable temples for superior comfort. Additionally, they are available in two frame sizes and five color variations.
