REPLACEMENT SIDE SHIELDS

Keeping your eyes protected is a top priority, especially if you work in environments where safety is crucial. At Phillips Safety, our Replacement Side Shields category offers a wide selection of high-quality side shields designed to replace worn or damaged components on your safety glasses. Whether your current side shields have seen better days or you need an upgrade for improved protection, our collection provides the perfect solution to ensure your safety eyewear continues to perform at its best.

Made from durable materials that meet industry standards, these side shields are designed to provide robust lateral protection, guarding your eyes against debris, dust, and other potential hazards. Our side shields are easy to install, allowing you to restore the safety features of your glasses with minimal effort. Each product is crafted to fit securely and comfortably, ensuring that your eyewear offers complete protection without compromising on comfort.

REPLACEMENT SIDE SHIELDS

A large, stylized letter 'P' in a dark teal color serves as a background graphic. It is composed of thick, rounded strokes. The top curve of the 'P' is at the top left, and the vertical stem extends down towards the bottom left. The right side of the 'P' is formed by a large, sweeping curve that starts from the middle of the stem and goes up and around to the top right.
